
Annex 1: Key Performance Indicators (KPIs) of Invest for Jobs

Each project concept should consider how it contributes to reaching these KPIs.

No	Key Performance Indicator (KPI)
KPI 1	Number of people (women/men, youth (15-24)) who came into employment.
KPI 2	Number of people who benefit from improved working conditions or whose income has improved.
KPI 3	Number of people who have participated/are participating in vocational and higher education or vocational/further qualification measures.
KPI 4	Number of companies that have cooperated with Invest for Job.
KPI 5	Volume of companies' own contribution mobilised by Invest for Jobs.
KPI 6	Number of measures that have contributed to social and environmental sustainability of clusters/industrial parks supported by Invest for Jobs.
KPI 7	Number of companies that confirm an improvement in the business and investment climate in (and around) clusters/industrial parks supported by Invest for Jobs.
KPI 8	Number of companies which have been/are being supported in connection with the COVID-19 pandemic to retain jobs, and which employ X employees.
